8/15/2024

To Whom It May Concern,

I am pleased to write this letter of recommendation for Kartikeya Kumaria who served as a Backend Developer (Django Rest) Intern at SkyIT Services from April 18, 2024 to August 5, 2024.

SkyIT is a modern company that makes industry-leading digital transformations in the Fleet management Industry by providing our partners and clients a full range of consultancy services, cutting-edge technologies to manage fleet assets, measure and reduce fleet carbon emissions, and streamline fleet operations through Machine Learning and Artificial Intelligence.

Kartikeya's technical proficiency in backend technologies, including Django REST framework, Firebase, JavaScript, and Python, was evident from day one. They skillfully applied this knowledge making valuable contributions to multiple projects. Kartikeya's ability to adapt to new technologies, coupled with their problem-solving skills, marked them as a standout member of our team.

Furthermore, Kartikeya's collaborative spirit and proactive approach to work were invaluable. They communicated effectively with team members, actively engaged in discussions, and consistently delivered clean, well-documented code.

I highly recommend Kartikeya Kumaria for any employment opportunities within your organization. If you require any further information or have any questions, please do not hesitate to contact me.

Sincerely,

Shahab Seyedi
Exec. Director
